Issued patents

Applications

Solution **sandwich hybridization**, capture and detection of amplified **nucleic** ...

US Pat. 5374524 - Filed Apr 27, 1993 - E. I. Du Pont de Nemours and Company  
Such **simultaneous** addition of a solution of both probes to a lowered concentration of the biotinylated capture 10 solution of the target **nucleic acid**

...

Detection of microbial **nucleic acids** by a one-step **sandwich hybridization test**

US Pat. 4563419 - Filed Dec 29, 1983 - Orion Corporation Ltd.  
A second hybridization A ONE-STEP **SANDWICH HYBRIDIZATION TEST** occurs between the washed **nucleic acid** on the support and a radioactive **nucleic acid** probe. ...

Non-isotopic detection of **nucleic acids** using a polystyrene support-based ...

US Pat. 5474895 - Filed May 13, 1993 - Siska Diagnostics Inc.  
Optionally, prior to the actual hybridization of detection oligonucleotide with the target **nucleic acid** and/or the **simultaneous** hybridization of detection ...

Arrays of alternating **nucleic acid** fragments for **hybridization arrays**

US Pat. 4731325 - Filed Jan 24, 1985 - Orion-yntyma  
40 The two-step **sandwich hybridization** method is carried out in principle in the same manner, but in this case the **nucleic acid** reagent affixed to a solid ...

**Sandwich hybridization** assays using very short capture probes noncovalently ...

US Pat. 5695926 - Filed Jun 7, 1994 - Bio Merieux  
12 **SANDWICH HYBRIDIZATION ASSAYS** Cocuzza, TETRAHEDRON LETT., 6287 (1989). ....  
1 Results of DNA detection (Tem) after Chin et al., **NUCLEIC ACID RES.**, 11, ...

Use of DNA-dependent RNA polymerase transcripts as reporter molecules for ...

US Pat. 5629153 - Filed Mar 8, 1994 - Chiron Corporation  
Alternatively, the with an excess of two single-stranded **nucleic acid** probes, ... cytosine bases 45 enabling the **simultaneous** detection of closely related ...

**Nucleic acid** probes useful for detecting microorganisms associated with ...

US Pat. 5654418 - Filed Jun 2, 1995 - Becton Dickinson and Company  
However, one presence of captured target **nucleic acid** is detected or skilled in the art of **nucleic acid sandwich hybridization** confirmed, and the amount of ...

**Nucleic acid** reading and analysis system

US Pat. 6403987 - Filed Oct 18, 2000 - Affymetrix, Inc.
